

Dunnington C of E (Voluntary Aided) Primary School

Data Protection Policy

'The Dunnington family working together to achieve our best'

Our Mission Statement

At Dunnington, it is our aim to give each child a better understanding of themselves and the world in which they live, by helping them to acquire skills and knowledge to enable them to use language and numbers effectively.

From within the Christian context of our school, we aim to instill respect for religious and moral values, so that pupils may have their own spiritual journey of faith as well as be tolerant of other races, religions and ways of life.

We aim to help pupils develop lively and enquiring minds, to develop physical skills and creativity so that they are able to appreciate human achievements and aspirations and to strive for consistent improvement in their own work.

Data

These details are then available on the ICO's website. Schools also have a duty to issue a Fair Processing Notice to all pupils/parents, this summarises the information held on pupils, why it is held and the other parties to whom it may be passed on.

Appendix 1

Dunnington C of E Primary School
Procedures for responding to subject access requests made under the Data Protection Act 1998

Rights of access to information

There are two distinct rights of access to information held by schools about pupils.

1. Under the Data Protection Act 1998 any individual has the right to make a request to access the personal information held about them.
2. The right of those entitled to have access to curricular and educational records as defined within the Education Pupil Information (Wales) Regulations 2004.

These procedures relate to subject access requests made under the Data Protection Act 1998.

Actioning a subject access request

1. Requests for information must be made in writing; which includes email, and be addressed to Paul Johnson. If the initial request does not clearly identify the information required, then further enquiries will be made.
2. The identity of the requestor must be established before the disclosure of any information, and checks should also be carried out regarding proof of relationship to the child. Evidence of identity can be established by requesting production of:
 - passport
 - driving licence
 - utility bills with the current address
 - Birth / Marriage certificate
 - P45/P60
 - Credit Card or Mortgage statement

This list is not exhaustive.

3. Any individual has the right of access to information held about them. However with children, this is dependent upon their capacity to understand (normally age 12 or above) and the nature of the request. Where the child is not deemed to be competent an individual with parental responsibility or guardian shall make the decision on behalf of the child.

4. The school may make a charge for the provision of information, dependant upon the following:
 - Should the information requested contain the educational record then the amount charged will be dependant upon the number of pages provided.
 - Should the information requested be personal information that does not include any information contained within educational records schools can charge. Details contained in the Freedom of Information Publication Scheme.

- If the information requested is only the educational record viewing will be free, but a charge not exceeding the cost of copying the information can be made by the Headteacher.

5. The response time for subject access requests, once officially received, is 40 days (**not working or school days but calendar days, irrespective of school holiday periods**). However the 40 days will not commence until after receipt of fees or clarification of information sought

6. The Data Protection Act 1998 allows exemptions as to the provision of some information; **therefore all information will be reviewed prior to disclosure.**

7. Third party information is that which has been provided by another, such as the Police, Local Authority, Health Care professional or another school. Before disclosing third party information consent should normally be obtained. There is still a need to adhere to the 40 day statutory timescale.

8. Any information which may cause serious harm to the physical or mental health or emotional condition of the pupil or another should not be disclosed, nor should information that would reveal that the child is at risk of abuse, or information relating to court proceedings.

9. If there are concerns over the disclosure of information then additional advice should be sought.

10. Where redaction (information blacked out/removed) has taken place then a full copy of the information provided should be retained in order to establish, if a complaint is made, what was redacted and why.

11. Information disclosed should be clear, thus any codes or technical terms will need to be clarified and explained. If information contained within the disclosure is difficult to read or illegible, then it should be retyped.

12. Information can be provided at the school with a member of staff on hand to help and explain matters if requested, or provided at face to face handover. The views of the applicant should be taken into account when considering the method of delivery. If postal systems have to be used then registered/recorded mail must be used.

Complaints

Complaints about the above procedures should be made to the Chairperson of the Governing Body (Mr Stuart Slaughter) who will decide whether it is appropriate for the complaint to be dealt with in accordance with the school's complaint procedure.

Complaints which are not appropriate to be dealt with through the school's complaint procedure can be dealt with by the Information Commissioner. Contact details of both will be provided with the disclosure information.

Contacts
